UA Rich Mountain
Assessing Student Learning
Course Outcomes Report
Mysti Gates
Fall 2019

Purpose
The Course Outcomes Report supplies information each semester regarding student learning on the course level. This report must be submitted to your division chair by the last day of the semester. Data from this report will be integrated into the annual Program Outcomes Report on Student Learning.

Background
Course Name: English Composition I Course # ENG 113

Course Outcome(s) being assessed this semester
Think of the evidence of student learning activity or project. Choose ONE outcome for this course.
Type outcome here

Related Program Outcome: Students will apply technological and research skills to identify, locate, and process information.

Related GELO category: Research and Technology

Evidence of Student Learning
Describe the classroom activity/tools related to **course** objective (What did they do for the class which was tied to this objective? Was it a project? Discussion? Quiz?)

Describe Activity: Students were to conduct research on a controversial topic of their choice for the purposes of writing an essay on that topic. Students were required to write a thesis statement for their papers and include relevant and supporting evidence within their essays. All students were to cite their sources both in the paper and in the Works Cited Page.

Reflection
A. What was the result of this activity? (How do you know that students satisfied the course objective being measured?)

Students' essays were evaluated on a variety of criteria, including the use and citation of outside sources. Students' essays were graded against a Checklist created by the Instructor. Two students failed to submit a paper altogether. They are included in the data below.

B. Enter course data
Number of students in your course(s) who met course objectives: 22

Enter the number of students total in your course section(s): 25

Enter the percent (%) of students achieving this course objective. (Data will be used on Program Outcomes Report under Evidence of Student Learning.) 88

C. Response to data: Will you change how you teach as a result of this assessment?

Choose only one of the narration options below. If curricular changes are needed, briefly explain any changes planned for course improvement. If no changes are needed, indicate the rationale in the space provided below.

☐Changes(s) needed. *Type here*

☒No change(s) needed

****Attach anonymous student samples of each activity along with the grading rubric / scale.**
