IT TAKES SKILLS TO SURVIVE

Teen College July 16-18, 2018

Welcome to UA Rich Mountain Teen College

The Teen College staff is looking forward to offering a program of exploration and discovery for Middle School students who will be **completing** 6th– 8th grades this spring. The curriculum has been developed to offer a variety of courses to introduce the student to potential career fields.

Teen College will last three days. The dates are **July 16-18**.

Classes are on the UA Rich Mountain - Mena campus. Two class periods will be offered each afternoon from 1:00-4:15. Students will spend an hour and a half in each class. We ask students to select four areas of interest because classes fill up quickly. Students will receive their class schedule by mail around the first of July.

Complete the enrollment form and return it to the Business Office in the Maddox Building or mail it to the address below. The fee is \$75 per student. This includes a Teen College t-shirt and most classroom supplies. Some unique or personal items may be required for specific classes. Those items will be noted in the class description.

Refund Policy: The fee is refundable if the student withdraws by noon on **July 12**.

Questions: Call 479-394-7622 or email plunford@uarichmountain.edu

Mailing Information: Please send registration form and the \$75 per student fee to:

Mena, AR 71953**

1:00

- 6.01 Computerized Manufacturing—Jonathan Lunsford—**In this workshop, you will learn how to use CAD (Computer Aided Design) to draw your own design and then use another software (CAM) to program a CNC (Computer Numerical Control) machine to engrave your creation. If you like math and computers, join us for this introduction in the exciting fields of manufacturing and engineering.
- 6.02 Cosmetology— Jordan Reuter—** Have you ever thought about a career in Cosmetology? Join us for this hand-on workshop where you learn hair, make-up, and nail care from a trained Cosmetology Instructor
- 6.03 Teen College Survivor—State Park Interpreters -** Learn what it takes to survive at an Arkansas State Park! You'll meet a Park Interpreter, Park Ranger, and the Park Superintendent to learn about what they do. You'll have a chance to try your hand at teaching, resource management, law enforcement, and discover what it's like to train for and go on a search and rescue mission. Come prepared with questions for each of us to see if you are interested in being a future Arkansas State Parks' professional.

2:45

- 6.04 Medical Field Professions - Janet VanDeest—** In this workshop, you will learn various aspects of the medical field. You will have the opportunity to learn body mechanics, how to check vitals, control infections, and basic medical language. You will also get to visit with nurses, doctors, pharmacist, therapists, and EMTs as you experience a Day in the Life of Healthcare.
- 6.05 Journalism - Andy Philpot—**Learn how much fun the world of Journalism can be, as we will explore the many tasks that go into making a newspaper, and all the different kinds of story writing that go into Journalism. We'll learn about writing news stories, features, sports, and even opinion columns. We certainly can't forget about the fun of photography in the Journalism field!
- 6.06 Culinary Arts—Brenda Blake—** Learn how exciting and rewarding the world of culinary arts can be. Students will learn the importance of sanitation, table settings, and presentations along with food preparation. If you have ever thought about being a chef or you just want to learn more about cooking, this class is for you.
