Assessing Student Learning
Course Outcomes Report
Ruby Hartsfield
Fall 2019

Purpose
The Course Outcomes Report supplies information each semester regarding student learning on the course level. This report must be submitted to your division chair by the last day of the semester. Data from this report will be integrated into the annual Program Outcomes Report on Student Learning.

Background
Course Name: Drawing and Painting Course # Art0002-lec-01

Course Outcome(s) being assessed this semester
Think of the evidence of student learning activity or project. Choose ONE outcome for this course.
Students will use a grid to draw a picture of pumpkins and paint with acrylic.

Related Program Outcome: Students will apply technological and research skills to identify, locate, and process information.

Related GELO category: Research and Technology

Evidence of Student Learning
Describe the classroom activity/tools related to **course** objective (What did they do for the class which was tied to this objective? Was it a project? Discussion? Quiz?)

Describe Activity: Students will draw the picture of pumpkins using a grid of two inches, Then the students will erase the grid lines and paint with acrylic paint to finish using the knowledge of the color wheel , which they learned in class.

Reflection
A. What was the result of this activity? (How do you know that students satisfied the course objective being measured?)

Students drew the picture of pumpkins, as taught by teacher. Then using the knowledge of mixing paint in the color wheel and the theory of color they painted the picture of pumpkins. I know students satisfied the course objectives by using the teacher's knowledge of art.

B. Enter course data
Number of students in your course(s) who met course objectives: NINE

Enter the number of students total in your course section(s): NINE

Enter the percent (%) of students achieving this course objective. (Data will be used on Program Outcomes Report under Evidence of Student Learning.) *78% achieved course objective*

C. Response to data: Will you change how you teach as a result of this assessment? NO

Choose only one of the narration options below. If curricular changes are needed, briefly explain any changes planned for course improvement. If no changes are needed, indicate the rationale in the space provided below.

☐Changes(s) needed. *No changes needed because the two who didn't finish project yet have been sick.*

☐No change(s) needed

****Attach anonymous student samples of each activity along with the grading rubric / scale.**
