Co-curricular Event Evaluations & Program Review

Introduction

The mission of the UA Rich Mountain Co-curricular program is to plan and organize co-curricular activities to support the curriculum, enhance student learning, and encourage personal growth. The Co-curricular Outcomes were chosen to advance this mission.

The co-curricular program assessment activities were formalized beginning August 2019 with development of outcomes, procedures, and documentation requirements for all extra and co-curricular activities.

The Co-curricular Outcomes, which continue to include both Student Development principles and General Education Learning Outcomes (GELO), are listed below. Co-curricular assessment survey results, which align participation in activities with one or more of the Co-curricular Outcomes, are gathered for each event.

UARM Co-curricular Outcomes	
Student Development Principles	**GELOs**
Leadership	Communication
Lifelong & global learning	Critical thinking
Intrapersonal competence	Technology
Interpersonal competence	Research
Social responsibility/engagement	

Directions: Complete each section of information throughout the semester(s). Section 4 is the end-of-year summary.

Table 2	Strategic Plan & Event Alignment
Table 3	Budget Information
Table 4	Assessment & Action Plan

File Submission Directions: Follow these directions to save and submit assessment documents.

Participant Surveys and Flyers: Tabulate your participant surveys and enter the data in Table 1. Save and scan a couple of surveys from each event into one file and submit the one file at the end of the year. You may include a flyer if there is one available. Send this file at the end of the year.

Name the file: (Example: PTK event surveys/flyer 2020-2021)

Co-curricular Program Review Document: Throughout the year, complete the Co-curricular Program Review document with all required event information as each event occurs. Wait until the end of the year to submit the finished document.
