TECHNICAL CERTIFICATE
COMPUTER SYSTEMS TECHNOLOGY - 4380

COMPUTER SYSTEMS TECHNOLOGY: 26 hours required

_____	CST113	Computer Applications (F,S)
_____	CST124	Introduction to Programming w/JAVA (S)
_____	CST134	Introduction to Website Design (F)
_____	CST153	Concepts of Operating Systems (F,S)
_____	CST273	Spreadsheet Applications* (F,S)
_____	CST283	Database Appplication* (F,S)
_____	CST293	Networking Essentials (F,S)
_____	CST1003	Computer Maintenance Technology (F)

BUSINESS: 6 hours required

_____	BUS203	Leadership & Ethics (F,S)
_____	BUS213	Business Communications (F,S)

* Indicates prerequisite. Consult catalog.
Class offering: F=Fall S=Spring

FAQ
Technical Certificate: Computer Systems Technology

Q: What is the Computer Systems Technology Technical Certificate ?
A: This certificate may be earned in conjunction with the Associate of Applied Science Degree.
This option may be completed in one year and qualifies students for immediate employment in businesses which involve computer information processing and computer operations.

Q: How many hours are required in this degree?
A: This is a thirty-two (32) hour program. The following shows a suggested course of study that allows the student to complete this Technical Certificate in two semesters:

First Semester		Credit Hrs.	Second Semester		Credit Hrs.
CST113	Computer Applications	3	CST273	Spreadsheet Applications	3
CST1003	Computer Maintenance	3	CST293	Networking Essentials	3
CST153	Concepts of Operating Systems	3	CST283	Database Application	3
BUS203	Leadership & Ethics	3	CST134	Intro to Website Design	4
BUS213	Business Communications	3	CST124	Intro to Programming w/JAVA	4
