UA Rich Mountain
Assessing Student Learning
Course Outcomes Report
Brenda Miner
Spring 2020

Purpose
The Course Outcomes Report supplies information each semester regarding student learning on the course level. This report must be submitted to your division chair by the last day of the semester. Data from this report will be integrated into the annual Program Outcomes Report on Student Learning.

Background
Course Name: Instructional Technology Course # EDU229583

Course Outcome(s) being assessed this semester
Think of the evidence of student learning activity or project. Choose ONE outcome for this course.
At the end of the semester, students will demonstrate practical and efficient ways to integrate technology in the classroom.

Strategic Goals: Select the Goal(s) associated with the Course Outcomes(s) being assessed this semester.
https://services.uarichmountain.edu/intranet/staff/annualpubs/

☐Goal One: Mission Driven
☐Goal Two: Ethically Based
☐Goal Three: Providing Access to Education
☒Goal Four: Quality Learning Environments
☒Goal Five: Student Success
☐Goal Six: Educational Partnerships
☐Goal Seven: Resource Development

Related Program Outcome: Students will apply technological and research skills to identify, locate, and process information.

Related GELO category: Technology Skills

Evidence of Student Learning
Describe the classroom activity/tools related to **course** objective (What did they do for the class which was tied to this objective? Was it a project? Discussion? Quiz?)

Describe Activity: Students were given a pre-test at the beginning of the semester and the same test at the end of the semester and the results were compared. Additionally, the students created a Google Site that could be used for AMI as the cumulative project.

Reflection

A. What was the result of this activity? (How do you know that students satisfied the course objective being measured?)

None of the students scored high enough on the pre-test to pass the test. 83.3% of the enrolled students scored a 90% or higher on the post-test.

B. Enter course data

Number of students in your course(s) who met course objectives: 10

Enter the number of students total in your course section(s): 12

Enter the percent (%) of students achieving this course objective. (Data will be used on Program Outcomes Report under Evidence of Student Learning.) 83%

C. Response to data: Will you change how you teach as a result of this assessment?

Choose only one of the narration options below. If curricular changes are needed, briefly explain any changes planned for course improvement. If no changes are needed, indicate the rationale in the space provided below.

☒Changes(s) needed. Due to COVID-19, the class moved to online. In the future, students will be instructed on how to use Zoom early in the semester. If the class does move to online, the students will know how we might problem solve issues with their Site using the Zoom Screen Share.

☐No change(s) needed

****Attach anonymous student samples of each activity along with the grading rubric / scale.**
