**Fall 2020 RBurt DRA203-01 Course Comments**

Any additional comments about the course or instruction?

Most of the assignments are on Moodle, which is more formatted for PC than mobile. As someone who lacks WiFi, I am unable to do a lot of the assignments. I am soon moving somewhere with WiFi so expect much improvement

I wish I had put more effort into this class. I think Mr. Burt is a wonderful instructor, however, I was not prepared for the coursework & I am struggling in this class due to my own negligence.

Any additional comments about the course or instructor?

I take a lot of notes so it went a little fast. I think the quizzes on the plays were harder sometimes even though I payed attention during.
