## 4. Evidence of Student Learning

Describe the classroom activity/tools related to **course** objective (What did they do for the class which was tied to this objective? Was it a project? Discussion? Quiz?)

Describe Activity: Students were given a prompt about the effects of setting on an assigned novel and asked to address the author's purpose in setting choices.

**5. Reflection**

**A.** What was the result of this activity? (How do you know that students satisfied the course objective being measured?)

Students were able to compose a general thesis statement and provide multiple examples of evidence for their essays, with 75% of students assigned the essay passing it. It is also important to note that two of the 25% who did not master it never submitted an essay at all.

**6. Enter course data**

Number of students in your course(s) who met course objectives: 9

Enter the number of students total in your course section(s): 12

Enter the percent (%) of students achieving this course objective. (Data will be used on Program Outcomes Report under Evidence of Student Learning.) 75%

**7. Response to data:** Will you change how you teach as a result of this assessment?

Choose only one of the narration options below. If curricular changes are needed, briefly explain any changes planned for course improvement. If no changes are needed, indicate the rationale in the space provided below.
