**Evidence of Student Learning**
Describe the classroom activity/tools related to **course** objective (What did they do for the class which was tied to this objective? Was it a project? Discussion? Quiz?)

Describe Activity: Students were given a pre and post-test at the beginning and the end of the semester. The results were compared.

**Reflection**

**A.** What was the result of this activity? (How do you know that students satisfied the course objective being measured?)

I scored the pre-tests and the average grade was 74%. At the end of semester, the post-test average grade was 89%

**B.** Enter course data

Number of students in your course(s) who met course objectives: 8

Enter the number of students total in your course section(s): 9

Enter the percent (%) of students achieving this course objective. (Data will be used on Program Outcomes Report under Evidence of Student Learning.) 89%

**C.** Response to data: Will you change how you teach as a result of this assessment?

Choose only one of the narration options below. If curricular changes are needed, briefly explain any changes planned for course improvement. If no changes are needed, indicate the rationale in the space provided below.
