## 4. Evidence of Student Learning

Describe the classroom activity/tools related to **course** objective (What did they do for the class which was tied to this objective? Was it a project? Discussion? Quiz?)

Describe Activity: *The students were to create correct MLA citations for 5 digital sources provided by the instructor. This followed lectures and lessons on proper MLA citation.*

**5. Reflection**

**A.** What was the result of this activity? (How do you know that students satisfied the course objective being measured?)

The students created complete and correct MLA citations for each of the 5 sources.

**6. Enter course data**

Number of students in your course(s) who met course objectives: 51

Enter the number of students total in your course section(s): 55

Enter the percent (%) of students achieving this course objective. (Data will be used on Program Outcomes Report under Evidence of Student Learning.) 92.7%

**7. Response to data:** Will you change how you teach as a result of this assessment?

*I don't plan to change anything about this process. The only students who could not demonstrate mastery of this skill simply didn't submit an assignment. I plan to keep this activity in my teaching of MLA citation. As a result, the students performed well on their Works Cited pages for their 3 essays as well.*
