Prerequisite: ENG113 (Composition I) - Grade of C or better.

Resources:
- *Writing Essays About Literature* by Katherine O. Acheson
- *All Systems Red* by Martha Wells
- *Killers of the Flower Moon* by David Gann
- Reliable internet access (most work **must** be submitted through Blackboard)
- Three-ring binder for organizational purposes
- Flash drive or online storage (One Drive, Google Drive, Dropbox, etc.) for writing assignments
- Highlighters, index cards, writing utensils, and sticky notes for reading assignments

Course Description: Composition II is an intermediate college-level composition course with a more advanced study of composition through the reading of novels and the writing of literary analysis, with an emphasis on literature as the works relate to composition.

Program Outcomes: The knowledge and critical thinking skills acquired in the general education component enable students to analyze problems, to arrive at intelligent conclusions, and to make reasoned choices in their professional and personal lives. Many general education courses are designed to deal primarily with processes rather than simply with facts, to help students to develop individually and as members of a group and to instill in students the desire to develop intellectual and emotional skills through lifelong learning.

The general education curriculum provides the means by which students will increase their:
- reading, writing, speaking, and listening skills.

- technological and research skills.
- their understanding of different cultures and societies across the globe and both have changed over time.

ACTS Expected Student Learning Outcomes:
The student will demonstrate an advanced application of outcomes expected in ENGL1023.

- Respond appropriately to various rhetorical situations, purposes, and audiences.
- Use writing and reading for inquiry, learning, thinking, and communicating.
- Integrate original ideas with those of others
- Develop flexible strategies for generating, revising, editing, and proof-reading
- Use collaborative writing processes
- Demonstrate knowledge of structure, paragraphing, tone, mechanics, syntax, grammar, and documentation

Rationale: An objective of post-secondary education is to provide a core of knowledge that is shared with most educated people. By studying and developing a deeper understanding of the diverse writings that have influenced modern attitudes, institutions, and thought, students can better comprehend the world they live in today. In addition, they will be better able to communicate with other people with whom they come in contact

Course Objectives: Upon successful completion of Composition II, the students should be able to do the following:

1. Read and analyze a selection of literature using critical thinking skills.
2. Write a clearly expressed, grammatically correct analytical literary essay following the standard five-paragraph essay structure in MLA format.
3. Recognize the influence of cultures and societies on literary selections.

Course Conduct: The student is to read, study, and discuss the course selections. Papers will be assigned to relate to the readings throughout the semester and are due by the posted dates. Students may not use personal communication devices or outside websites during a class, quiz, or exam without expressed consent from the instructor.

Recording a class or reposting, copying, or distributing material found on Blackboard is expressly forbidden unless the instructor has given written permission.

UA RICH MOUNTAIN Credit Hour Calculator: For every course credit hour, the typical student should expect to spend at least three clock hours per week of concentrated attention on course-related work, including

but not limited to time attending class, as well as out-of-class time spent reading, reviewing, organizing notes, preparing for upcoming quizzes/ exams, problem solving, developing and completing projects, and other activities that enhance learning. Thus, for a three hour course, a typical student should expect to spend at least nine hours per week dedicated to the course.

Credit Hour Definition: A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks.

Course Requirements/Evaluations:

Cumulative grades are reflected by the following:

- Essays
- Activities, Assignments & Pre-writing tasks
- Quizzes
- Final Exam

Essays: Students will write four* assigned essays (five-paragraphs) dealing with various assigned topics. Students must submit typed papers using MLA format. The files must be in *Word*, or a *Word* compatible format, to be accepted for grading and submitted into Blackboard. If using Google Docs, the student is responsible for converting the file to a *Word* document and correcting any formatting errors before submitting in Blackboard.

Activities/Pre-writing tasks: Students will participate in in-class assignments. Attendance is necessary to receive credit for these assignments. Students are expected to keep up with any assigned readings and be prepared to apply the readings in class. **Pre-writing assignments CANNOT be submitted late.**

Quizzes: Quizzes will be given over the stories, textbook, and/or lectures. If a student is absent when a test is given, then the student will receive a zero for that assignment unless the student has filed paperwork with the VP of Academic Affairs for a very serious reason only (death in the family, hospital emergency, etc.). These make-up tests are in the form of a written, essay exam. All make-up tests must be taken within a week of the original test date. After one week, the grade will automatically be a zero unless arrangements have been made with the instructor for a very serious reason only. It is the student's responsibility to initiate make-up work.

Late Policy: Homework assignments are due at the **beginning** of class and will be marked late if they are not ready when class begins. **Weekly assignments** may be submitted for grading within **one week** of the assigned due date; however, late penalties (10%) apply, so it is essential to follow due dates. **Acceptance of late work beyond one week is at the discretion of the instructor.**

All arrangements for submitting missed work are to be made with the instructor **in advance**. It is the student's responsibility to initiate these arrangements. Other arrangements must be secured through the office of the Vice Chancellor for Student Affairs - ext. 1400.

Additionally, ALL late work will be graded **last**. Work submitted on time takes priority over work submitted late, regardless of the reason. All late work submitted within the guidelines above will be graded; it is not necessary to ask the instructor the grading status of any work submitted beyond the original due date. Students

are welcome to confirm the instructor's receipt of the work, but they should refrain from asking about the grading status. To avoid this, simply submit the work on time.

Late essays, *for whatever reason*, will receive a late penalty of 10% off the total points possible. One week after the essay is due, the grade will automatically become a zero unless **prior** arrangements have been made with the instructor for a very serious reason only.

The grading scale for this course is as follows:

A = 90-100%
B = 80-89%
C = 70-79%
D = 60-69%
F = Below 60%

Grading procedures: Typical turnaround time for essays is ONE (1) WEEK. The instructor will keep students posted regarding grading demands. ***Students who submit late work IN BLACKBOARD need to email the instructor that an assignment has been submitted. Students are to include the name of the assignment submitted.*** Blackboard does **NOT** alert the instructor of late submissions. This simply speeds up the grading timeline for the students.

Extra Credit: *Extra credit* is defined as "an opportunity to improve one's grade, provided one has completed and submitted all of the assigned work for a given course." Therefore, *a student who has not submitted all his or her assigned work is not eligible for extra credit.*

Additionally, extra credit equals extra work for the instructor. So, if a student requests extra work, he or she needs to put forth the effort to complete and submit the work on time as it is an additional burden on the instructor to grade it. The instructor will provide more information, as well as general guidelines on extra credit, later in the course.

Procedures/Student Requirements: Regular attendance, punctuality, and participation are expected. Students who miss a class are expected to return with all readings completed and be prepared to make up any missed quizzes. Keep up with missed assignments in Blackboard. Students are expected to log into Blackboard at least twice a week and check emails at least 3-4 times a week. Keeping up with emails will be vital for each student's success in this course. Students who do not complete the first and/or second week of class will be removed from the course. All assignments must be submitted by the posted due date unless specific arrangements have been made with the instructor. ***It is the student's responsibility to initiate those arrangements immediately.*** Attendance is taken each day and reported to the Vice President for Student Affairs.

Missing an excessive number of classes is detrimental to the success of students in this course causing them to fall behind. Three absences in a class that meets two times a week is considered excessive. Students who do not attend class may receive a grade of NF which can negatively affect financial aid.

PUNCTUALITY: The instructor reserves the right to lock out any students who are late to class. Students who are late will not be admitted to class and will not be awarded any participation-based points for the days missed as a result of tardies. Additionally, these points cannot be made up.

All assignments must be submitted by the posted due date unless specific arrangements have been made with the instructor. ***It is the student's responsibility to initiate arrangements immediately.***

Students are to refrain from using profanity in the classroom and treat others with respect. Students are also expected to use class time for tasks related to class, not tasks related to other classes (without instructor's consent) or personal matters. This includes the use of cell phones or the use of campus technology for reasons unrelated to student coursework.

COVID-19 Protocols: For your protection, and the protection of others, please adhere to the following COVID-19 protocols until further notice.

Face Mask Policy: While there is no current statewide mask mandate, UARM has implemented a 3-Color Alert System that communicates when students are required or strongly encouraged to wear masks and when masks are optional. Students will be expected to comply with this system. A proper face covering completely covers the nose and mouth. Masks with holes or masks that do not completely cover nose and mouth are not effective or acceptable. Any student that does not have a proper mask – when required to wear one – will be asked to leave class and will be referred to the Vice Chancellor of Academic Affairs for possible disciplinary action. Face masks reduce the risk of exposure and presently allow classrooms to meet without the use of flex or Zoom classrooms. For more information on the 3-Color Alert System, visit https://www.uarichmountain.edu/news/uarm-implements-3-color-alert-system-for-covid--vqxp3co.

Food and Drink: Food and drinks are not allowed in the classroom at any time.

Attendance: Daily attendance is mandatory. In the event a student is quarantined, the student will automatically shift to an online format until he or she is permitted to return to campus. Students are to notify their instructors of any quarantine orders, and a doctor's note is required. In the event the instructor is quarantined, the entire class will shift to online format until the instructor is permitted to return to campus. Students will be notified accordingly. **Any potential absence is to be shared – in advance – with the instructor.** ***Bottom line:*** show up to class – in whatever capacity required – on the specified days.

Technology Concerns: *Students with access concerns are expected to communicate with their instructors. Additionally, students can access the wi-fi from the South parking lot near the Ouachita Center. Students with access issues are encouraged to access course content from the parking lot, if needed. Students would be expected to drive to campus under normal classroom conditions. While it is not ideal, it does ensure reliable access and regular course participation.* Students may use personal cell phones/devices to attend Zoom sessions, if necessary. However, students have the option to check out campus computers from the library (Johnson Learning Commons).

Social Distancing: Students are to follow the social distancing guidelines as outlined by the Arkansas Department of Health (ADE) and the Centers for Disease Control (CDC) when possible. Currently, that distance is 3 feet. When spacing permits, students are expected to adhere to this guideline.

Seating arrangements: Due to contact-tracing regulations required by the ADE and CDC, students are to sit in the **same** seat/location **each** time they come to class. While other restrictions have been lifted or modified, this aspect has not.

Academic Dishonesty: Honesty is expected, and a zero will be given on any assignment if cheating occurs. Cheating or plagiarizing on a test or assignment is not tolerated. The internet makes it increasingly easy for students to find ways to cheat. This may include the use of readily accessible student papers, homework help sites, paraphrase tools, and/or anti-plagiarism generators. Your instructors are well aware of the resources out there. That said, ***all*** borrowed information must be cited. Plagiarism on papers can result in an "F" for the course.

Some types of plagiarism include:

- Submitting someone else's work as your own (paraphrasing, failure to cite sources)
- Submitting an assignment or essay that is similar or identical to another student's
- Collaborating on class assignments and essays (regardless of physical location)
- Sharing assignments/answers with other students (both students will receive a zero)
- Skimming information from the internet without correctly citing sources

Consequences of plagiarism:

- 1st offense of plagiarism → meeting with the instructor, automatic notation in student file, and adviser, coach, and/or sponsor notification
    - Less than 10% of an assignment plagiarized → proportional grade deduction on assignment
    - 10% or more of an assignment plagiarized → automatic zero on the assignment
- 2nd offense of plagiarism → removal from the course with a W/F
    - *If the student cannot afford to drop, he or she will be forced to accept the grade earned.*

Artificial Syntax Clause: Artificial syntax is defined as "language or phrasing inconsistent with natural speech patterns." Students who use paraphrase tools and/or anti-plagiarism generators or submit assignments containing artificial syntax will be penalized. Please see the guidelines below:

a. Discussion posts or small class assignments: no credit
b. Larger assignments/essays: point deductions based on percentage of overall submission and number of prior offenses

Copyright Infringement: Copyright infringement has serious consequences in the real world. Recording a class, reposting, copying, or distributing any class materials (in Blackboard or otherwise provided by the instructor) is expressly forbidden unless the instructor has given written permission.

Additionally, disciplinary proceedings according to college policies may be initiated. Consult the College Handbook for more information. *If you ever have any questions about plagiarism, how to document a particular source, or what constitutes copyright infringement, please ask me.*

Americans with Disabilities: It is the policy of UA Rich Mountain to accommodate students with disabilities, pursuant to federal law, state law, and the college's commitment to equal educational opportunities. Any student with a disability who needs accommodations (ex: seating placement, examinations, or access to information on the web) should inform the Vice President for Student Affairs at the beginning of each semester. To contact the Vice President, students seeking accommodation should call 394-7622, ext. 1400.

Arkansas Clean Air Act: In compliance with the Arkansas Clean Air Act, UA Rich Mountain is a smoke and Tobacco free facility. Students and guests are to refrain from the use of all tobacco products while on campus, including electronic devices.

Student Misconduct: Students committing misconduct are subject to disciplinary sanction(s) and or restrictions. Misconduct or prohibited behavior includes, but is not limited to endangerment, harassment, disruption, sexual misconduct, dishonesty, illegal drugs and/or alcohol, fire or safety issues, gambling property violations, computer violations, or other violations as listed in detail in the UA Rich Mountain catalog.

Student Support Services: The Student Support Services (SSS) is available to help students reach their educational goals through individualized instruction, counseling, and tutoring. There is no fee for these services. The computer lab is available for student in online classes. SSS is located in the Johnson Learning Commons in the Spencer Building.

Tutor.com: Tutor.com is also a free option for our students. If this is something you are interested in taking advantage of, please email bminer@uarichmountain.edu to receive login information.

UA RICH MOUNTAIN Mission: University of Arkansas Rich Mountain exists to provide all citizens of the Ouachita Mountain Region with exemplary educational and enrichment opportunities to improve the quality of life and standard of living.

Campus Security: UA Rich Mountain strives to provide a safe learning environment; therefore, students who know of any security risk are asked to contact a college official. Information regarding crime statistics for UARM is located under Health and Safety at: http://www.uarichmountain.edu/at-a-glance/disclosures.

Title IX Sexual Harassment: If there is an issue of this nature, it should be reported immediately to the Title IX Director, Terry Francis at (479) 394-7622, Ext. 1460.
