   Related GELO category (choose one):
   - ☐ Thinking critically
   - ☐ Communicating effectively
   - ☐ Using technology
   - ☒ Conducting relevant research

4. **Evidence of Student Learning**
   Describe the classroom activity/tools related to the **course** objective (project, discussion, essay, quiz, etc.): Students were given a prompt for a research paper in regards to learning about a particular city and how that student would travel to, navigate and learn about that city while staying there. The students were meant to research the city, its history and culture ahead of time and plan a mock trip to that city. They were then to explain in detail what they would do, where they would stay, what they would eat and how they would prepare for their trip according to weather, local customs and political structure.

5. **Course Data**
   Number of students in your course(s) who met the course objective: 3

   Total number of students in your course section(s): 5

Percent (%) of students achieving this course objective: 60%
