Introduction

Hello and good evening everyone, and welcome to Oden High School. I would like to formally thank all of you for being here. Today we are here to celebrate the commencement of our class of 2022, which have worked very hard to get here today. My name is and I have been the principal of Oden for five years. I have had the privilege of watching these kids grow into the men and women they are today.

Congratulations I am so proud of these kids here today and am overjoyed that I am the person to deliver them their diplomas. Every single one of them is very smart and determined, which is what got them to where they are today, standing on this stage. I remember when this class was just beginning high school, they looked so excited to finally be in high school, in with the older kids. However, now they are the older kids, and it is their turn to be the kids that class looks up to. I know these kids very well, and I know they will do great no matter where life takes them. As we all stand here today, we look back on the legacy these kids have made over the past four years, and, as for me, I look back on it with great pride. Every single one of these students today has helped shape my life, along with the lives of many others in this school and community. All of these kids today should be proud of how far they have come, and I hope you are all accepting of the future's you have laid out for yourselves.

Conclusion Again, I would like to thank all of you for being here to celebrate this class and all of their accomplishments. I, along with the rest of the faculty and staff are so proud of them and how far they have come. Also, we cannot express enough how happy we are to be presenting all of you with your diplomas today. All of your hard work has finally paid off, congratulations graduates!
