KCarpenter HIS213-01 Sp22

Any additional comments about the course or instruction?

would be better if their was more hands on stuff.

Mr. Carpenter is a very enthusiastic teacher. His class time was very enjoyable to listen to. He is informative in his History class. I wouldn't change a thing. His classes are NEVER boring. If I had known about him eariler

Very well put together professor. You can tell he loves his job and really cares about his students
