Assessing Student Learning
Course Outcomes Report
Robby Burt
Fall 2021

1. **Purpose**
   The Course Outcomes Report supplies information each semester regarding student learning on the course level. This report must be submitted to your division chair by the last day of the semester. Data from this report will be integrated into the annual Program Review. The Strategic Goals aligned with this report are Strategic Goal Three: Provide High Quality Education and Strategic Goal Four: Continuous Quality Improvement.

2. **Course Details**
   Course Name: Music Appreciation Course #: MUS 203

3. **Assessed Outcome**
   Course Outcome: Identify, by listening, a wide variety of musical styles as studied in class.

   Related Program Outcome: Understanding of different cultures and societies across the globe and how both have changed over time

   Related GELO category (choose one):
   - ☒ Thinking critically
   - ☐ Communicating effectively
   - ☐ Using technology
   - ☐ Conducting relevant research

4. **Evidence of Student Learning**
   Describe the classroom activity/tools related to the **course** objective (project, discussion, essay, quiz, etc.): Students took a pretest for test 3 over the Romantic Period. The average grade for 19 out of 24 students was 29%. There were 85 questions on the test, this test involved questions from the text as well as listening and identifying composers and compositions. 15 students took test 3 on November 8 with the average score of 71%, this is a 42% raise in the average.

5. **Course Data**
   Number of students in your course(s) who met the course objective: Only 4 out of the 15 taking test 3 in November failed the test with the grade of zero or below. There were three students outside of the fifteen that have not been attending classes that received the grade of zero, this grade was not averaged into the average.

   Total number of students in your course section(s): 18

   Percent (%) of students achieving this course objective: 11 out of 18 currently enrolled or 61% passed test 3
