KCarpenter HIS213-01

Any additional comments about the course or instruction?

this is a very good class, the proffessor actually taught me alot & made the class fun. I would recommend this proffessor to others

I feel like there should be a way to make up grades for discussion for people who couldn't make it to class

Best History by far. I love it.

I adore this class! I learned so much and I want to become a history teacher, so this course really inspired me. Dr. Kyle Carpenter deserves a raise!!!

I love Kyle
