Q15	Any additional comments about the course or instruction.	Total: 2

Teacher was very unhelpful and not understanding that we had other courses beyond his class. He crammed in so much work that it was hard to fully comprehend any of it and fit it into my schedule. He gave timed test that didn't even allow time for the students to read and comprehend the questions before having to answer and move onto the next question. Along with this, for it being an online class he often asked us to come for test or projects not considering why we initially took the class online. For the final alone we are to take not one but three tests, one of the tests being over three chapters and we were just told about a huge project that is due the Friday before, once again not even considering we have other classes to study and prepare for.

There needs to be changes with his class. If it's online it need to be all online. We shouldn't have to go in person more than 4 times for an online class. People have jobs and try to do college at the same time. I had

to take personal days when we should never have to for an online class. We pay extra money for it to be online, so it should all be online. I will not be taking another one of his classes due to this reason.

Mr Burt is an excellent teacher I specifically requested to be in his class. He has a clear understanding of the courses that he teaches. His teaching style is very effective and I plan to incorporate many of his methods as my own when I begin teaching. When talking with other students I always recommend Mr Burt. Love his class and love his teaching style! He is an asset to UARM!
